

# CASE STUDY

## *Kaya Festival*

**K**aya Festival, set in the scenic Margam Park in South Wales, celebrates diverse world art and music, drawing up to 5,000 attendees for a weekend of culture and entertainment. Across three live stages, the festival showcases an eclectic lineup featuring renowned acts like Craig Charles, Asian Dub Foundation, and The Brand New Heavies. Attendees can enjoy performances by DJs and a variety of world music, immersing themselves in a truly global experience.

Beyond music, Kaya Festival offers a wide range of activities for all ages. Families can explore children's play areas, take on fairground rides, try their hand at wood carving, or enjoy circus skills workshops. With overnight camping available, the festival creates a full weekend experience with options for pampering and healing. In response to its growth, we collaborated with Kaya's organisers to deliver up-to-date support for event logistics and safety, helping to accommodate the increased scale and attendance.

*"The service we received from Calvin Hanks and his team was awesome. We could not have been able to plan, organise and carry out this event without his expert help."*

**Kaya Festival of World Music and Art**

**Calvin Hanks'** team expertly provided full Health & Safety compliance support for the Kaya Festival of World Music and Art, aligning all operations with HSE guidelines. Our comprehensive services included:

### **Pre-event Planning**

Reviewed plans, provided recommendations and developed safety protocols.

### **Build Safety**

Ensured safe construction practices during pre-event construction and setup.

### **Live Safety**

Continuously monitored all event areas to ensure ongoing compliance with H&S standards during the event.

### **De-Rig Safety**

Oversaw the safe post-event breakdown and clean-up.
